

CMD suspends production according to Italian Government actions for COVID-19 Emergency

You are certainly aware that the government has taken urgent measures for limiting the epidemiological risk from Covid-19. The interruption of all production and transport activities is among the most important actions taken in the last few hours.

According to Italian Government dispositions, beyond our control, we deeply regret to inform you that our **production has been temporarily ceased until otherwise directed by the government authorities.**

Due to this event our products delivery will be delayed and we will not be able to supply our products, we can not accept new orders that require short-term delivery until the complete restarting of production activities.

We will give you an update on the situation as soon as possible.

We will be at your disposal for any possible information.
